and the blue-peaked hills of Stabies .- The

At the station of Wasta, fifty miles from Cairo, the road branches off to the Fayoum. Here we are delayed a couple of hours to wait for the down train, and seated in a date grove, evidently consecrated to al freeco meals, to judge by the great quantity of shells of hard boiled eggs, which are strewn around, we prepare our afternoon tea by the aid of a spirit-lamp, to the intense interest of the spectators, and sketch the curiously shaped Pyramid of Meidum, rising in stages behind the viliage of that name, some four miles distant-interesting as having furnished, from the adjoining the art of writing. M. Daminos, the she'd call the puriesce if I didn't skit." French Egyptologist, who unearthed these statues about ten years ago, gave me an interesting account of their discovery. It seems that the sheik of the village of Meidum took the unprecedented step of sending a message direct to Ismail Pasha, the When she said that I called her a lady, and late Khedive, to tell him that he had found she got whoopin' mad. Then she sot her caverus full of treasure in his neighborhood. Skye terrier on me, and finally her lausband late Mariette Pasha, who did not attach 'spose I sassed back, and I 'spose I dared much credit to it, but dispatched Daninos 'em out, and I spose I could have busted Bey, who was then assisting him in his an- the hull crowd, but they commenced the tiquarian researches, to verify it. On ar- fuss." riving at the spot, Daninos Bey found the sheik in cousiderable trepidation from the threats of one of the local officials, who resented his having reported to the Khedive direct instead of through the regular channels. However, he was comforted by a decoration and the promise of protection, and was requested to lead the way to the portant little hole, but Damines Bey saw other indications in the neighborhood which induced him to believe that excavations might be attended with success—the more especially as he had got his excavating ties. to work to smoover one of the mounds, and | I'm smood fust. Morning."

they shortly disclosed a slab which appeared to form part of the roof of an opening Arab, who had crawled into the aperture On to Pompeil in the clear sunset, falling reappeared in the utmost clarm, saying very lightly upon mountains, islands, little that they were living people inside. M Daniuos at one climbed up the mound, the railway station we walked above half a and, squeezing through the opening, was mile to the Albergo del Sole under a lucid startled by the life like appearance of two heaven of aqua-marine color, with Venus scated figures with sparkling eyes and leshlarge in it upon the border line between the like tints. They were a young and handtiuts of green and blue. The Albergo del some couple-the male painted a reclina Sole is worth commemorating. We step- brown, the female a light yellow. In their ped, without the intervention of courtyard | eyes were crystals, which imparted to them or entrance hall, straight from the little inn a peculiarly living aspect.
